Dear Sir:

In response to the Office Action dated February 7, 2003 (Paper No. 13), applicant respectfully requests a one month extension of time to extend the period for response to June 7, 2003. Please amend the above-identified U.S. patent application as follows:

**In the Specification**

Please substitute the enclosed substitute specification for the specification as filed. A marked up version of the original specification is also enclosed showing the changes made thereto.

**In the Claims**

1. (Amended) A sponge cloth which is based on cellulose and has been provided with an internal reinforcement, capable of being obtained by an amine oxide process without being exposed to conditions where a blowing agent decomposes to form gaseous products and so as to cause a foam.
